

News Briefs

Petty benefit is Nov. 18

A committee is working to raise funds to purchase a specially equipped van for Glades resident John Petty.

A benefit barbecue is planned for Saturday, Nov. 18 at the Belle Glade Marina. Tickets are \$6 and can be purchased at Dino's Pizzeria.

Chicken dinners

An open house is planned at West Technical Education Center on Nov. 11 from 3 to 6 p.m. Barbecued chicken dinners will be offered for \$5 a plate and will include chicken, baked beans, cole slaw, a roll and tea.

Proceeds for the event will benefit the West Technical Education Scholarship Fund. For more information, or tickets, call 996-4930.

Christmas parade is Dec. 2

The Eighth Annual Belle Glade Chamber of Commerce Christmas Parade will be coming up on Saturday, Dec. 2, beginning at 10 a.m.

The chamber invites all members of the community to participate by entering a float, decorated vehicle, or marching unit. Prizes will be awarded for first, second, and third place for each of these categories. All entries are urged to reflect the theme, "The songs of the Season." Although the only live Santa permitted in the parade will be the official Santa Claus designated by the chamber, any replica of Santa may be used on a float.

Reserve your place in the parade by calling the chamber at 996-2745.

Congressman Foley to hold office hours

U.S. Congressman Mark Foley will hold staff office hours in Belle Glade on Tuesday, Nov. 14, from 9:30 to 10:30 a.m. Those who reside in the 16th Congressional District and wish to consult with their congressional office can call or visit Congressman Foley's aide, Donald Kiselewski, at Belle Glade City Hall, 1190 S.W. Avenue E, Belle Glade during that time.

Sen. Rossin to be in Pahokee

State Senator Tom Rossin (D-West Palm Beach) will have office hours in the Pahokee City Hall on the last Thursday of each month from 10 a.m. to noon. Area residents are encouraged to drop in to discuss issues that are of concern to them.

Pahokee City Hall is located at 171 Northlake Avenue, Pahokee. For more information, call Mayor Ramon Horne's office at 924-6534, or Senator Rossin's office at (407) 537-5400.

Hike around the dike

The Florida Trail Association is sponsoring a hike around Lake Okechobee starting Saturday, Nov. 18. This is the 4th Annual Big O' Hike. The first day will include a three mile "wimp" walk from Pahokee to Canal Point or 12 miles to Fort Myers. For more information, call Warren Resen at 964-8416.

Look out for the speeding bed!... The winners of the 1995 Grassy Waters Festival bed race was the Pahokee Police Department. Left to right are Tommy Padgett, Sr., Robert Grande, Mike Madden, Doug Destefano, and driver Alfredo Gomez.

Pizza Express owner still critical after shooting

By Brenda Bunting
Editor

Pizza Express owner Tom Wheeler, 49, is still in critical condition in St. Mary's Hospital after being shot in the chest by robbers last Saturday night, Nov. 4, at his business.

Police say they have arrested two men in connection with the robbery at 301 West Canal Street North, Belle Glade. Alvin Lewis Green, 18, and Antoine Leon Perkins, 17, both of Belle Glade.

Also injured in the robbery was employee Emma Ramirez, 16. Miss Ramirez was released Tuesday, Nov. 7 from St. Mary's.

Mr. Wheeler, Ramirez and another employee were working in the business Saturday night when two men entered through a door which was normally kept locked but was open because employees had just come in from taking out the garbage.

Jonnie Wheeler, wife of the owner, said in a telephone interview from St. Mary's Hospital that her husband and the two employees were in the store when the two men entered. She said Miss Ramirez had her back to the men. One had a gun and the

other a club. The man with the gun shot Miss Ramirez in the back of the neck and she collapsed. They then took her jewelry. The men demanded the money from the cash register and the unidentified employee gave them the money. Mrs. Wheeler said she understands her husband followed the men to the door and verbally confronted them and the man with the gun shot Tom Wheeler in the chest.

"They ran and Tom chased them and then came back into the store and collapsed," she said. The young male employee set off the silent alarm and police arrived immediately.

Lt. Albert Dowdell with the Belle Glade Police Department said they had the two suspects in custody within 45 minutes of the shooting, but the Palm Beach County Sheriff's helicopter was brought in to help look for any additional suspects and evidence.

Trauma Hawk was flown in and both Mr. Wheeler and Miss Ramirez were taken by helicopter to St. Mary's Hospital. Mr. Wheeler had lost a lot of blood and he lost a kidney and his spleen. The bullet is still lodged in his body. The doctor said he's not going to take the

bullet out," said Mrs. Wheeler. "Tom lost too much blood and they couldn't risk it. They said it won't hurt him to leave it in." The bullet was also not removed from Miss Ramirez's neck.

Mr. Wheeler is on a respirator and is in a lot of pain, said Mrs. Wheeler, "but he's going to make it. He's a fighter."

Miss Ramirez had only been working at Pizza Express for a few weeks, but Mrs. Wheeler said she was a dedicated and hard-working employee. "We feel so badly for what's happened," said Mrs. Wheeler.

When he opened the business about six months ago, Mr. Wheeler said he wanted to help the youth in the community. He said many were from broken homes and needed some guidance. He said he only planned to use students who would stay in school and keep up their grades.

The alleged robbers, Green and Perkins, have been charged with armed robbery, two counts of attempted first degree murder, aggravated assault with a firearm and petit theft. They are being held without bond in the Palm Beach County Jail awaiting trial.

Grassy Waters Festival closes with success, fun

A fun-filled Saturday was held Nov. 4 in Pahokee, as the annual Grassy Waters Festival was in full array.

The early morning arrival of people eager to see the ever-popular bed races proved to the City of Pahokee and the Chamber of Commerce that all of their planning and hard work was appreciated.

The people who had lined the street started toward the Pahokee Fire Department upon completion of the bed races where an art exhibit was on display.

When crossing the dike the festivity was complete with an Annual Classic Car Show, entertainment by Jerry Curtis; Dixie Highway; Robin Plitt; and the Big Lake Banders, vendor booths, WBGF Radio (live), 6th Annual Bakeoff contest, a "Fly-Over" by the Midstate Ultralight Plane Association, an "Animal Encounter," Boat Races, Kiddie rides like the Train; Dragon Bounce; and the Berry, and a Civil War re-enactment including a working cannon. Other games enjoyed by the children were the Hay Dig, Sack Race, Spoon/Egg Race, 3-legged race,

and the Water Balloon/Egg Toss. Ping Pong, Billiards, Ring Toss and Darts were also available.

The Pahokee Chamber of Commerce, the City of Pahokee and the Grassy Waters Festival Committee sponsor the annual Grassy Waters Festival to provide the residents of Pahokee and South Florida with a fun-filled day of entertainment and games. These efforts are intended to enhance the image and reputation of Pahokee and its many fine attributes.

The Festival provides a time for relaxation and renewal, and underscores Pahokee's commitment to create and preserve a positive family atmosphere. The sponsors and volunteers dedicate themselves to the positive promotion of Pahokee as a great place to live, raise a family, or to enjoy the golden retirement years. Pahokee hopes to acquaint everyone with what is truly Palm Beach County's "Other Coast".

This year's festival had something for everyone.

Watch out for the cane trucks as harvest season begins

Despite sporadic heavy rainfall throughout the growing season, Sugar Cane Growers Cooperative's members' cane has had good growth and preliminary yield analysis indicates comparable yields to last season's.

According to Phyllis Purnell, the Cooperative's new Ag Division Manager, everything is on "go" and the harvest season started Nov. 1. "We anticipate that our 12 harvest units will cut approximately 2,650,000 tons of sugarcane grown on 65,000 acres of our members' land during the 144-day crop season. This should produce 290,000 tons of raw sug-

ar," Ms. Purnell said.

In the processing plant, several capital projects are under way to improve the quality and efficiency of the operation. "We are expanding the use of Near Infrared Technology to improve the analysis and monitoring control system in the processing plant," said Bill Kramer, vice president and general manager. "We view this technology usage as another step in improving the quality of our product."

The cooperative employs over 900 people during the harvest season with an annual payroll in excess of \$26 million.

It's "Bazaar Weekend" in the Glades! Several local churches and businesses are participating. See Page 5 for all the details.

Sellout crowd enjoys Red Cross Fashion Show and Luncheon

The Fourth Annual Red Cross Saks Fifth Avenue/Palm Beach Fashion Show and Luncheon was a sold out affair Saturday Nov. 4, at the Belle Glade Elks Lodge. The event began with a silent auction and social hour, followed by a gourmet lunch at noon and the fashion show at 1 p.m.

The fashion show featured apparel and accessories exclusively from Saks Fifth Avenue, Palm Beach.

This year's fashion show theme was "A Walk in the Clouds," and the event featured styles from the 1950's through the latest styles of the '90's. The silent auction featured several drawings and special gifts, donated by many local and out-of-the-area merchants. The silent auction committee members, Mary Orsenigo and Liska Hooker, say the silent auction alone raised approximately \$2,600 - more than any previous year.

The chairman for this event was Red Cross volunteer Jeanette Dexter. Mrs. Dexter worked closely with Norina Coursey, manager of Saks Fifth Avenue Palm Beach to produce the show. The commentary for the show was given by Susanna Cutts with Saks and the music was provided by Michael Finnancorn. Models were Sherry Barnes, Cheryl Brown, Darl Bowman, Terri Branch, Stephanie Caviness, Jessica Crawford, Karen DeCastro, Scott Doherty, Kay Hall, Dolly Hand, Homer Hand, Pepe Lopez, Mary Ann McDaniel, Susie Orsenigo, Jane Parrish, Donie Roberts, and Barbara Schlechter.

Belle Glade's own angels... Models Dolly and Homer Hand wore larger-than-life angel wings during the finale of the Red Cross Fashion Show. The Hands participated in the show each year, helping to raise money for Red Cross. The event is the only fundraiser held for the local Red Cross office and nets a considerable amount of money to help with disaster relief in the Glades.

News from the Dolly Hand Cultural Arts Center and Palm Beach Community College

By Maria Wise Miller

It's going to be GRAND. Not only is the Dolly Hand Cultural Arts Center adding on an elegant new atrium lobby area, but tonight marks the opening of its new season with the Broadway blockbuster musical, *The Tap Dance Kid*.

The Tap Dance Kid has been described by the New York Times as the perfect family musical. Based on the novel "Nobody's Family is Going to Change," this play tells the story of three generations of an African American

family.

The star of the show is a 10-year-old boy who has a gift for dancing. Like his grandfather, he wants to dance in shows. But the boy's father, a successful lawyer, wants his son to follow in his footsteps. The father doesn't think "dancin' is doin'."

Does 10-year-old Willie get to dance? Does his father learn to let children follow their dreams? Does Willie's sister get her father's attention and get to study law?

Come to the Dolly Hand Cultural Arts Center tonight and find out.

This is a big Broadway show and features a live orchestra, outstanding musical and dance numbers. It's fabulous entertainment for the whole family.

Tickets for Tap Dance Kid and the entire season of shows at the Dolly Hand Cultural Arts Center are available at the Dolly Hand Cultural Arts Center. Adult tick-

ets are \$20 and student/children tickets are only \$5.

You can order tickets by phone with a credit card or come by the box office open Monday through Thursday from 10 a.m. to 4 p.m. For more information, call 992-6160.

In other news at Palm Beach Community College on Saturday, Oct. 28, the Glades Campus's Annual Golf Tournament was held with 84 golfers participating.

The successful event raised funds for the scholarship fund. Many thanks to all who participated and especially all our fine sponsors. The real winners are the students.

If you are interested in courses this winter, stop by the Glades Campus and speak with Dean of Student Services Ken Ray. It's never too late to start on a new career.

If you try hard enough to seem to like pictures, you will like them in the end.

The groaning gut

By Paula Swaford, RN

Years ago when I was in high school, I can remember a close family member suffering with a condition that I had trouble pronouncing. It was called diverticulitis and caused her all kinds of problems, especially with her diet.

She was unable to eat and tolerate any kind of roughage when it flared up. Foods like lettuce, raw vegetables, corn, meat, onions, popcorn, seeds of any description, nuts, coconut, etc. would almost "send her to the moon" in pain and agony. During this time all she could eat was cream of rice cooked cereal, toast, crackers, and creamed soups.

Diverticula are small, distended little pockets or pouch-

es within the large intestine or colon. These pockets are believed to be formed when increased pressure in the sigmoid area of the large intestine forces the lining of the colon to bulge through the intestinal wall.

Diverticulitis (inflammation of a diverticula) occurs when one of the intestinal pockets becomes infected. Symptoms of this condition include abdominal pain and fever which can usually be cured by antibiotics, diet and rest to the colon.

So, you may ask, how do you know if you have this wonderful malady when most of the time there are no symptoms? An x-ray of the upper GI (gastrointestinal) tract as well as a barium enema can be useful in diagnosing this condition.

Sometimes a biopsy is warranted to rule out the possibility of cancer. A simple test on the stool can be done to check for hidden (occult) blood, which can occur in about 20 percent of people with diverticulitis.

When the condition known as diverticulosis flares up, then one can become susceptible to developing an abscess, intestinal obstruction or rectal hem-

orrhage. Therefore, this disease should not be taken lightly.

After the bowel has healed and settled down, a high-residue diet is usually recommended. Constipation must be prevented. The person should drink two to three quarts of fluid daily. They should increase their intake of foods high in indigestible fiber, such as fresh fruits and vegetables, whole grain breads, and wheat or bran cereals.

The national Cancer Institute recommends 20 to 35 grams of dietary fiber daily to combat this condition.

It occurs mostly in adults 45 and older with about 30 percent of adults over age 60 being afflicted. It is less common in nations where diets contain abundant natural bulk and fiber.

Our diets in America are especially high in refined foods, which may very well be a contributing factor to this disease.

As a "good deed" for yourself and your family, start using more whole grain products and eat more fruits and vegetables.

Until next time...stay informed and stay healthy.

Weathermen hear some whoppers

By Mike Lyons

The lady on the other end of the phone had quite a story to tell and she was determined to tell it to me. I have recorded 35 inches of rain in the last 24 hours," she announced proudly.

Thirty-five inches in 24 hours is an astounding, not to mention unbelievable, amount of water. Thirty-five inches in 24 days is a lot of rain, let alone 24 hours.

The caller remained steadfast, however, insisting her rain figures were legitimate. "May rain gauge is very accurate," she told me. "I know we've had 35 inches of rain in the last 24 hours."

I get phone calls like that all the time from folks who want to tell me a story about the weather - how lightning burst across their patio, how thunder shook their home like an earthquake or how 35 inches of rain accumulated in their backyard.

Just about everyone has had a personal encounter with Mother nature. Whatever the event, chances are the tale receives a bit of embellishment every time it is told to someone who has never heard it before.

Sometimes a yarn about the weather doesn't need any exaggeration because someone

just made it up - they never let the facts get in the way of a good story. Such was the case of "The Great Waco Hailstone."

In 1920, a 10-pound hailstone fell on a street in front of a downtown Waco, Texas hotel before about a dozen shocked witnesses. A local newspaper photographer was called to record the historic event. Ripley's "Believe It or Not" syndicated newspaper cartoon declared the hailstone the largest in world history.

There was just one problem with the story: it wasn't true. A 10-pound ball of ice did fall in front of that Waco hotel but it didn't come from the sky - it came from John Fitzhugh's hotel room.

Fitzhugh was a railroad executive whose second floor room faced the street in front of the hotel, "Uncle Johnny," as he was called, was sipping on a few illegal cocktails (this was during Prohibition) when a powerful thunderstorm rumbled through Waco.

This boomer had it all: heavy rain, gusty winds, lightning, thunder and even some small hail. It was the hail that caught Johnny's attention as he chipped away at a big square of ice the bellboy had brought up in a silver bucket - ice that Johnny was using to cool his favorite libation.

Johnny carried the chunk of ice into the bathroom and held it under hot water until it formed into a perfect ball. Then, in the middle of the hailstorm, he tossed the ball of ice into the street in front of the stunned witnesses. A doorman rushed out, picked up the giant "hailstone" and carried it into the hotel to be weighed.

When the local newspaper photographer arrived Johnny figured his prank had gone far enough. He told the newsman where the hailstone had really come from but the photographer didn't believe Johnny. The photographer said half a dozen witnesses had seen the chunk of ice fall from the sky so the reporter figured it was a legitimate story.

On March 9, 1970, a hailstone 17.5 inches in circumference fell near Coffeyville, Kansas - the largest hailstone in United States history. I wonder if Uncle Johnny was in town that day?

Blue Devil Corner

Finally the suspense has ended. We have our new king and queens for the 1995-96 school year. The coronation was indeed a royal affair, filled with glamorous gowns, handsome tuxedos, flashing lights and music. The first hour of the coronation was spent introducing the representative queens for each club in our school the best was saved for last when the winning queens were announced for each grade.

The winners of the title "attendants to Miss PHS" are: Akihah Hammond as Miss Seventh Grade attendant; Akira Williams as Miss Eighth Grade attendant; Mary Ferguson as Miss Freshman attendant; Anne Trimble as Miss Sophomore attendant; Melissa Walker as Miss Junior attendant; Jackeisha Diamond as Miss Senior attendant; and Jacaranda Banks as first attendant to Miss PHS.

Grade level queens include Lakeria Phillips as Miss Eighth Grade, Juanita Tittle as Miss Sophomore, and Angela Austin as Miss Junior. This year's Miss Homecoming Queen is Tanzameka

Brown, and Mr. PHS is Lamart Cooper.

The best part of the coronation was when Miss Homecoming 1994, Arlene Dukes, crowned Lakeitha Babb as the new Miss PHS. She thanked God, her family, and the student body, who were the ones who made her victory possible.

Lakeitha Babb says she ran for Miss PHS because she felt she could really fulfill the title and represent Pahokee High School with pride. As Miss PHS, she promises to maintain her respect and friendliness to all her peers. She also plans to keep her standing as a great role model for other students. In her spare time, Lakeitha likes to play the clarinet, swim, style hair, and hang with her friends. At school, Lakeitha is active in the O.D. Express Band, Student Council, FBLA, and the Christian Club. Lakeitha plans to graduate from Pahokee High with honors, attend the USF and major as a dental hygienist. The new Miss PHS advises all her peers "to always look forward to the future with a positive attitude in mind, and to go as far as your potential will allow you."

Lamart Cooper, says his reason for running for Mr. PHS was because it has always been something he's wanted to accomplish ever since the seventh grade. Now that he's Mr. PHS, he plans to serve as a positive role model for the other young males at the school. Before he leaves Pahokee he plans to leave his image

imprinted in the school's history. Well, so far, he has done just that. He belongs to the Junior ROTC program, and has earned the rank of major, as well as being appointed commander to one of the squadrons within Blue Force.

Lamart is also on the football and basketball varsity teams, as well as FFA. In his spare time, he likes to play football, meet women, play with his son, and chill with the boys. His future plans are to pursue a career in the U.S. Air Force, get a degree in criminal justice from Texas A & M, and become a bounty hunter. Lamart's words to the wise are "always do your best, never give up, and you can do anything you want to if you put your mind to it."

Miss Homecoming, Tanzameka Brown, says her reasons for running were because she felt she was intelligent and a qualified candidate and this is something she has always aspired to do. She plans to represent Pahokee by enhancing the school's image and by making Pahokee a better place to learn.

Her hobbies include track, singing, playing sports and talking on the telephone. At school is active in the O.D. Express Marching Band. After graduation she plans to join the Navy.

Her advice to students is "think positively in life, instead of negatively because you'll get farther and also concentrate on getting a high school diploma, and succeed in life."

Not a car wash

"Yes. I was calling because I work at Steve Moore Chevrolet and one of the Belle Glade Police Department officers was washing his car here every morning. My boss went out and told him not to be washing his car there. He told him he couldn't just wash his car whenever he felt like it.

So I just thought it is funny how they can harass people and think they can get away with something like this, just whenever they feel like it.

The police officer who was washing his car here called another officer and told him to harass my boss for any reason he could think of to harass him.

You can check this out with Chief Miller because this was reported. And I would like to have some response to this in the newspaper. I think it's ridiculous that the Belle Glade cops think that they can harass people around here like that just because they can't show their authority.

Thank you."

Belle Glade Police Chief Michael Miller responds to employee of Steve Moore Chevrolet: "Please be advised this incident is under investigation and if the complaint is sustained, appropriate action will be taken.

P.S. The Belle Glade Police Department has zero tolerance with reference to misconduct by its officers. Anyone who feels like they have been harassed or otherwise mistreated is encouraged to contact me immediately at 996-7270 or at my home at 996-4026.

Fix Main Street

"I guess since the season has started they can go back to work on this road here on Main Street. If not, when are they going to get this thing fixed, or why can't the city get them to fix this?

Beats anything I've ever seen."

Chief Miller responds: The City of Belle Glade and the Belle Glade Police Department has opposed this construction project since its conception. We have registered our opposition during each phase of the project from planning to construction. Our primary complaint of late is that on one seems to be working on the road. However, there is some good news. The Department of Transportation has promised to complete all work within the City of Belle Glade by Nov. 17, 1995. They promised to have the road opened and the barricades removed. We are looking forward to that!

Hurray for the Parade Marshalls

"Yes. I was glad to see the Glades Central Homecoming Committee chose just ordinary people as Homecoming Parade Marshalls.

The Lambs are truly contributors at heart

and don't have political connections to the school. Congratulations are in order for Glades Central and the Lambs. It was well-deserved."

Left standing there

"I'm calling regarding the Glades Central and Clewiston football game. I think that it was very sad that Glades Central didn't provide adequate seating for the visiting team.

Many Clewiston fans were forced to stand during the entire football game. This is not a new problem. With over 5,000 people expected, Glades Central could have rented portable seating for the visitors whom they were suppose to be hosting.

What are they going to do for the Pahokee game on November 10th, which is expected to draw a crowd of over 6,000? Will they be forced to stand as well?"

Editor's note: Dr. Effie Grear, principal at Glades Central, said she knows just what you're talking about. "I apologize for this inconvenience. I'm as concerned as anyone." She said they are trying to get more bleachers for this upcoming game, but everyone who has bleachers is having activities and plans to use theirs. "And," she said, "there's just no money to rent bleachers. If anyone would like to help the school by donating toward the cost of the new bleachers, they can call 996-4945 for more information.

He's just doing his job

"I just read in the Opinion section of the Palm Beach Post where a lot of people are down on the new Florida Power and Light chief.

All he did was go in there and cut the people he didn't need and put the other people to work. It's the first time they've had to work in 20 years, so why not cut some of them and let the others go to work?

It used to be that you could drive by and see a Florida Power and Light truck and four or five people would be standing around. You might see them go to work by 10 a.m.

So all he's doing is what he's been hired to do."

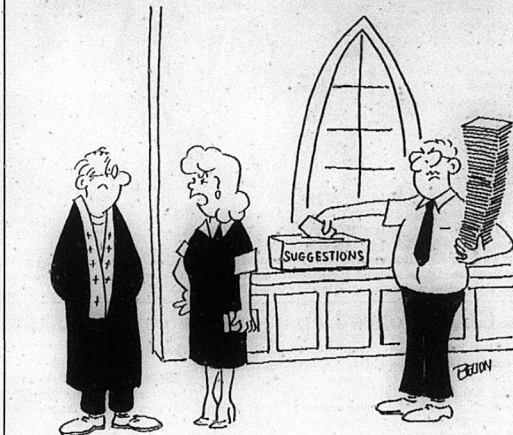

Another call about the gate

"I'm fed up with the simple-minded way the City of Belle Glade handles the problems in this area. I'm referring to the gate which is at the marina.

The problem, if it's really known, is that the northern people come here and they think they can run this town by complaining. What about the real residents?

They paid taxes to build the marina area and are not even allowed to drive on the roads they paved.

Please think over this problem. Let's block **Speak Out** continues on Page 12

"JUST IGNORE HIM."

Letters to the editor

Dear Editor:

I'm writing in regards to the comments made in the paper last week concerning the guards at the Belle Glade Mar-iana.

I can only speak for one of them because he is my father. He has lived and worked in Belle Glade since I was nine years old and we moved from Wetumpka, Alabama. That was 35 years ago. He has since retired and is presently enjoying retirement on our beautiful Lake Okechobee.

I certainly think he has that right, just as those who like to ride up to the guard gate and shout angry and ugly words at those men doing their jobs.

I hope those who are guilty of that stop and think how they would feel if while doing their jobs they received that kind of treatment.

I also have two children who are now young adults, but as teenagers complained that was the only place they didn't get

asked to leave by the Belle Glade Police Department, when they hung out there.

They were understanding of the other side, feeling that they have the right to go out there when they want, but they now realize that because of a few bad apples, rules have to be made or at least I hope they do.

Changes, like it or not, are sometimes needed to improve the safety and the quality of life in this community. I also know that to some, all they care about is instant gratification and calling ugly names. Anonymous little slurs are an adrenaline rush obviously, but when it hurts innocent people, intimidates our out-of-state visitors and undermines the abilities of our community's leaders who do their best to do a good job for all, it's a sad, sad thing!

I thank all city officials for helping to make this community a safer place to live and to enjoy. I say to all of those who

are so mad about this new clean-up at the marina: where were your comments when the boy was almost beaten to death out there late one night? Where were you when the car load of music-blasting kids drove by the campers shooting?

I could go on and on! If you'd like to discuss this matter further, feel free to contact me for any further discussion about this.

Is it too much to ask to feed the ducks before 8 p.m.?

We all need to work hard to help our Belle Glade Police Department and city leaders. I can even say that after calling Chief Miller every time he ran one of my kids off, etc, and even after being so mad at him I could have shook him silly. I still say the man has a very tough job and he does it well!

Sincerely,

Charlotte Hilyer Thompson

Belle Glade's only remaining WWI Veteran remembers Armistice Day

Armistice 1918, I was there...

After a pause, the next question was "When will we get to go home?" I didn't make it until May 1919, but brought memories home I shall never forget.

Dateline -- Boise De Beney Woods, France, November 1918. Word had come there was to be an armistice the next day.

Constant bombardment continued as if both armies wanted to spend all ammunition.

I stood guard at the barracks where our Colonel lay ill. At 11 p.m. on Nov. 11 approached, we all waited while the air remained full of the sound of exploding shells. One passed directly over the barracks, but fortunately, no one was hurt. Finally, all noise stopped; an eerie, unaccustomed silence prevailed. All at once we burst out singing "The Star Spangled Banner" in a manner we had never sung before.

Editor's note: This account was written by Rowe B. Myers who is currently in the West Palm Beach VA Intermediate Care Unit receiving treatment from a broken hip. Mr. Myers, formerly of Kirklint, Indiana, will be 100 on Jan. 26 and wishes all remember the significance of Veteran's Day. He and his wife, Muriel Myers, 90, reside in Belle Glade. If you would like to send Mr. Myers a "Get Well" card, or a birthday card, contact his daughter and son-in-law, Kenneth and Rosemary Buchanan, or send them to Rowe B. Myers, 98 S.E. 4th Street, Belle Glade, Florida, 33430.

1995 Grassy Waters Festival

The 1995 Grassy Waters Festival has come to a close, but its success will remain in our hearts and minds as an example for 1996.

We would personally like to commend each committee chairperson for a job VERY well done. Each one knew what their position was and what needed to be accomplished and they did it. As we stated in the booklet, we have "always had one goal in mind throughout this past year of plans, detours and decisions... the success of this festival. They are a group of dedicated and hard working people who set a goal and work toward it tirelessly." And we meant every word. A festival is only as successful as its volunteers. Without a committee that is dedicated and focused, its leaders have nothing. And we had plenty. The weather was gorgeous, the crowd was enormous, and the response was positive. From the bed race to start the day to the boat race to finish the event, everything ran on schedule with minimal problems. We appreciate each and every sponsor, participant, spectator, vendor and volunteer who helped to make this year's festival the success it was and we are looking forward to next year's festival, which will be held in affiliation with WPTV News Channel 5's "Food for Families" campaign and in conjunction with the "Hike Around the Dike" Nov. 16, 1996.

'Chalk Walk' at Gove

Gove Elementary students celebrated this week by creating a chalk walk that illustrated the interesting facts they had learned by exploring various topics the first nine weeks of school.

Each class had selected topics to study using the concept of exploration. Exploration was defined as moving from the known to the unknown. Classes explored many areas such as the solar system, weather, animals, families, neighborhoods, oceans, and Florida.

As a culminating activity each class designed a mural to depict the interesting information they had learned during their studies. The murals were then rendered in chalk on the sidewalks at Gove so that everyone could share in the excitement of learning.

Creating a Chalk Walk... Gove Elementary students painted their sidewalks Oct. 31 with what they have studied this term as a part of a nine week learning program.

Sugar Cane Growers Cooperative of Florida honors safe drivers

Ninety-seven percent of the Sugar Cane Growers Cooperative of Florida's full season highway vehicles, field and mill equipment operators received safe driver awards at the 29th annual safety seminar Oct. 27, 1995 at Dolly Hand Cultural Arts Center in Belle Glade. A total of 334 drivers and equipment operators were recognized for completing the 1994-95 harvest season without a chargeable or avoidable accident.

The drivers are honored annually following a four-hour safety program put on by the Cooperative prior to the start up of the harvest season. This year's program entitled "Driver Awareness and Attitudes" featured tips on driving defensively and on general plant-wide safety. This program is designed to remind all our employees of the Cooperative's policy that safety comes first," said Elaine Vior, Safety Manager.

"We're proud of the reputation that our operators have," said Bill Kramer, Vice President and General Manager of the Cooperative. "We are continually told how courteous and safety-minded our highway vehicle drivers are and this is a direct reflection on our quality employees as well as our safety training program. We are also pleased that once again this year, we have a high percentage of our experienced drivers returning. Their return to work for the Cooperative year after year contributes to our outstanding safety record."

Last year the Cooperative's 136 cane haul trucks logged over three million miles during the 147 day crop season. This year 17 drivers earned an award for having 20 or more successive years of safe driving records and another 23 people were recognized for 15 or more successive safe seasons.

NCTE recognizes excellence in Writing among high school students

Shawnae Napien
The National Council of Teachers of English this month is honoring 690 high school seniors as outstanding writers. The 1995 NCTE Achievement Awards in Writing recognize writing excellence based on the

students' samples of their best prose or verse, and on impromptu themes that are written under supervision.

The award recipients this year were among more than 3,000 students from the 50 states, the District of Columbia, Canada, and American schools abroad who participated in the program; it is administered each spring during the students' junior year of high school.

"As our Achievement Awards in Writing program enters its 38th year, NCTE reaffirms its commitment to help students develop the highest standards of literacy in writing," NCTE Executive Director Mike Myers said, referring to NCTE's current campaign - "Literacy: It Gives You a Life." The Achievement Awards pro-

gram is one example of NCTE's work to foster understanding of the kinds of literacy that will be needed in the twenty-first century. "Every year, this program provides evidence abilities that will serve them well as individuals, as community members, and as members of the labor force. We want all students to be given the opportunity to develop those skills," Myers stated.

Shawnae Napien, a senior at Glades Central Community High School, has been recognized as one of the 600 outstanding writers being honored by The National Council of Teachers of English. Shawnae is an honor roll student and is actively involved in several student activities. She is a member of the Raider Black History Brain Bowl Team, sec-

retary of the student council and involves herself in volunteer work whenever possible.

Achievement Award-winning students and their schools have received certificates recognizing their accomplishment. Shawnae's name will be published in a booklet that is sent to directors of admission at 3,000 two- and four-year colleges and universities, to members of the U.S. Senate and House of Representatives, to state supervisors of English, and to NCTE leaders. Partial support for the Achievement Awards in Writing program comes from the Maurice R. Robinson Fund.

Teacher in the United States, Canada, and American schools abroad may nominate eleventh-grade students for next year's Achievement

Awards in Writing program by submitting nomination forms from NCTE Headquarters. Nominations for the 1996 Achievement Awards must be received by Jan. 23, 1996. NCTE will mail topics for the impromptu theme and further instructions to participating teachers in March. Students' impromptu themes and samples of best writing must be posted to state coordinators by April 22, 1996. The writing will be evaluated by state

teams of English teachers throughout the summer, and winners will be announced in October.

For information and nomination forms, write to NCTE Achievement Awards in Writing, 1111 W. Kenyon Road, Urbana, IL 61801-1096. For more information on the "Literacy: It Gives You a Life" campaign, contact NCTE's Public Information Office at the above address, or call (217) 328-3870.

Veronica Mendoza wins Red Ribbon poster contest at Glades Central High School

Veronica Mendoza, a senior at Glades Central Community High School, was the recent winner of the RED RIBBON POSTER CONTEST in the high school category.

The Red Ribbon Campaign began in 1985 as a combined result of outrage and frustration at the brutal torture and

murder of Federal Drug Enforcement Administration Agent, Enrique Camarena, by drug traffickers in Mexico. The goal of the Campaign is to present a unified and visible commitment toward the creation of a drug-free America.

Red Ribbon Celebration Week was held Oct. 22-31,

1995. The Partnership for a Drug Free America hosted its second annual Red Ribbon Celebration Drug Summit and Awards Luncheon on Friday, Oct. 27, at which time Veronica was recognized for her accomplishment during the luncheon.

The luncheon was held at the Colony Hotel in Palm Beach.

Glades Day School congratulates Joi Salvatore, who was crowned 1995 Homecoming Queen during halftime ceremonies of the varsity football game against Moore Haven last Friday.

Joi, the daughter of Woodie and Theresa Salvatore of Pahokee, was chosen among the seven members of the homecoming court. President of the Student Council, she was voted Best All Around and Most Likely to Succeed Senior Girl by her classmates. She also serves as statistician for the varsity football team.

The homecoming parade was a big hit with students and adults as approximately 25 vehicles and floats rode down

Glades Day School's Gator Tales

Main Street to the City Hall Complex. The Sophomore Class surprised the senior grades 10-12 with their award-winning float "Gators Staff the Terriers," complete with a smoking chimney. The Junior Class placed second with "If You Can't Stay with the Gator...STAY OUT OF THE SWAMP." In the junior high division (gr. 7-9), the freshmen took top honors with their "Found the Terriers" doghouse, while the seventh graders came in second with their "Gators Mow Over the Terriers."

To top off the week of festivities, the Gators trampled the Terriers 42-6 in the district rivalry. Already assured of the championship with their win over Ft. Lauderdale Westminster a couple of weeks ago, the Gators' goal was to win all their district games, which they did with their win over Moore Haven. As district champions, they will host Hol-

lywood Christian in the first round of the playoffs on Nov. 17.

Congratulations are in order for the JV football team, who ended their season with a big victory over St. Edward's last week. The JV Gators finished 7-1 on the year, their only loss coming to Benjamin the second time they played them. The defeat broke a string of 14 consecutive victories dating back to 1993. Never one to stay down, the JV Gators immediately began another streak the following week with a win against LaBelle and then St. Edward's. Let's hope it continues next season!

Let's hear it for the band - the Gator Marching Band, that is. Twenty-six members went to Boca Raton last Saturday to compete in the District 14 marching contest. They received an "Excellent" rating. Congratulations!

Now that the fun and frenzy of the past two weeks are over, students have their heads bent

in the books this week as they take the final exams for the second grading period. Results of their achievements will be known when report cards are mailed home to parents next week. Good luck, everyone!

An open letter to the community from Sugar Cane Growers Cooperative

Dear Friend:

The Florida sugar industry has recently been attacked by a series of vicious, inaccurate and misleading advertisements sponsored by the Committee to Ensure Florida's Economic and Environmental Future. This committee is headed up by a Wall Street commodity trader, a real estate developer and members of other special interest groups whose real objective is to eliminate farming in the Everglades Agricultural Area. These ads have been designed to put pressure on Florida's Congressional Delegation to change the U.S. Sugar Program and slap on a two cent per pound tax on Florida producers to pay for the government's acquisition of the Talmisan property. Two cents per pound may sound innocuous, but it would represent an additional yearly tax of \$72 million on the Florida sugar industry.

We ask that you help us counter this negative campaign by calling, faxing or writing to your Congressman and Senators expressing your support of the Florida sugar industry and the current U.S. sugar policy.

Florida's sugar farmers are committed to protecting and preserving the Everglades for generations to come. In fact, under the Everglades Forever Act we will contribute over \$300 million for Everglades restoration projects. Also farm-

ers have implemented a series of on-farm Best Management practices designed to reduce phosphorus in agricultural runoff and routinely monitor both water quality and quantity. Farmers also formed a special taxing district which has given a grant to Duke University Wetland Center to conduct comprehensive cause and effect research in the Everglades. This research project is year's ahead of any other group's research effort. This all adds up to a commitment to make the Everglades a better place.

FACTS AND MYTHS.

MYTH: Wealthy Sugar Barons.

FACT: There are 40,000 sugar-related jobs in Florida...40,000 people earning their living and supporting their families. Only an extremist would try to make living off the land into something wrong.

MYTH: \$12 million in campaign contributions.

FACT: It's the big soft drink, cereal and candy makers who have contributed well over \$12 million to politicians.

MYTH: Sugar farmers don't get paid a dime...America's sugar policy exists to prevent subsidized European dumped

sugar from putting America's farmers out of work.

MYTH: A two cent per pound assessment on the wealthy Sugar Barons to benefit Floridians.

FACT: The extremists always have the answer for any problems: more taxes. The fact is, sugar farmers are paying over \$300 million to help restore the Everglades. A two cent per pound tax on Florida producers is the equivalent of \$72 million a year to Florida farmers and would put Florida farmers at a distinct disadvantage to the rest of the domestic sugar industry.

MYTH: Florida homeowners flooded while sugar farms stayed dry.

FACT: South Florida doesn't experience uniform rainfall. As a matter of fact some areas of Martin and Palm Beach County had as much as 20 inches of rain while the Everglades Agricultural Area averaged six inches of rainfall during the same time period. Twice in the 1990's, virtually the entire Everglades Agricultural Area was under water following locally heavy rain events while urban areas remained dry.

The bottom line is farmers are continually finding new and better ways to grow crops, conserve water and care for the environment. We do all this and still can compete with the most efficient producers anywhere in the world.

Speak Out

the northerners out, not the taxpaying citizens of Belle Glade.

Tax bills are out

"I just got my tax bill and it looks like the city is getting an awfully lot of money out of the taxes. I see they're buying an awfully lot of new cars."

I see these television commercials where they can get a 100,000 miles out of a car before you have to get a tune up now. Let's see if they can't drive some of these cars a

100,000 miles or at least until they get a tune up.

I don't know what they do with their cars, but it seems like an awfully lot of new ones show up."

Why bother?

"Hi, Speak Out. I have just looked out my window and noticed that the garbage man was picking up the stuff that I recycle and putting it in the garbage dumpster."

I was just wondering why everyone is going to all the

Continued from Page 4

trouble to recycle if they are going to do this?

Editor's note: You don't say whether you live in Belle Glade, Pahokee, South Bay or Canal Point, so I can't answer your question. Pahokee has had a complaint of the same nature in the past. Garbage men are not suppose to place your recycle material with the other garbage. I suggest if you see this again that you give your city's manager a call and let them know your concerns.

LEGAL NOTICES

NOTICE BY HIGHLAND GLADES DRAINAGE DISTRICT OF INTENT TO USE THE UNIFORM VALUATION METHOD OF COLLECTION OF A NON-AD VALUATION ASSESSMENT.

Notice is hereby given to all owners of lands located within the boundaries of the Highland Glades Drainage District that Highland Glades Drainage District intends to continue using the uniform method of collection for such non-ad valorem assessments as have been or may be levied by the District, with said method of collection to be as set forth in accordance with Section 197.3623, Florida Statutes.

The District Board of Supervisors will hold a Public Hearing on November 11, 1995, at 2:00 P.M., at the Law Office of Calabrese & Parenti, 258 Royal Palm Way, 2nd Floor, Palm Beach, Florida 33481, for the purpose of which is to consider the adoption of a resolution authorizing Highland Glades Drainage District to continue using, in accordance with Section 197.3623 Florida Statutes, the uniform method of collecting such non-ad valorem assessments as have been or may be levied by the district.

Highland Glades Drainage District has in the past adopted and levied non-ad valorem assessments and some or all of said assessments may continue for subsequent years. However, in 1996 the District may adopt and levy new non-ad valorem assessments for the District's fiscal year 1996-1997, some or all of which may continue for more than one year, with said assessments being some or some of all of the lands located within the District's boundaries. The non-ad valorem assessments which have been previously adopted are continuing or will be adopted for the District's fiscal year 1996-1997, have been or will be levied for the purpose of payment by the District of bond indebtedness, maintenance and other lawful obligations of the District.

The aforementioned non-ad valorem assessments have been or will be adopted and levied for one or more of the following purposes:

1. They are required to be levied for the first time, or they are existing and have been previously placed on the roll and collected.
2. They were or are being increased beyond the maximum rate authorized by law as the type of their initial imposition.
3. They were or are related to a change in the boundaries of the Highland Glades Drainage District.
4. They were or are related to a change in the purpose of an existing assessment or in the use of the revenue from such assessment.

Interested parties may appear at the Public Hearing to be held to regard the levying of the use of the uniform method of collecting such non-ad valorem assessments.

If any person desires to appeal any decision made by the District or any matter considered at this Public Hearing such person will need a record of proceedings and for such purpose such person may send to:

They beat the Terriers!... Glades Day's football team takes a rest before Friday night's, Oct. 3, 42-6 victory game against Moore Haven.

Gators dominate Moore Haven, 42-6

By Eddie Campbell
Last Friday the Glades Day Gators (8-1, No. 3 in the 2A state poll) defeated the Moore Haven Terriers 42-6. The Gators rebounded off their 27-10 loss to LaBelle to dominate the Terriers and win their homecoming game in a convincing fashion.

The Gators first score came on a Jackie Garrett pass to Farris Shatara on an out and up pattern for 29 yards. The Gator defense then helped out the offense when Patrick Altman recovered a Terrier fumble which led to Lee Sweet's 17-yard touchdown run.

The lone Terrier highlight game on an 81-yard touchdown run, but Sweet again struck pay dirt on a 49-yard touchdown run which all but erased the Terrier score. The Gators scored once again before half time on a 36-yard touchdown pass from Garrett to Brad Seider. At half time the score was 28-6 Gators.

Shawn Whitlock started the Gator scoring in the second half with a 10-yard touchdown run. Then the Gator special

teams got into the act when Ronnie Fripp blocked a Terrier punt that set up Shatara's 10-yard touchdown run which made the score 42-6.

Sweet carried the ball 17 times for 148 yards and two touchdowns on the night. This

put Sweet over 1,000 yards for the season. The Gator defense was again led by Seider and Shatara who each had nine tackles on the night.

The Gators next travel to St. Edwards for a game on Nov. 10.

Bring out the reserves!

Back up players at Glades Day School will get to see a lot of action in next week's game against St. Edwards, according to Head Coach Mandy Perez.

"We have three players who we're going to hold out of the game this next week because they are recovering from injuries," said Coach Perez. "We're bringing up 10 guys from the junior varsity team and we're also going to use our back up players. These guys will get to see a lot of action this week," said the coach.

Glades Day will end the regular season with a 9-1 score if they beat St. Edwards Friday night. The first playoff game will be Nov. 17 against Hollywood Christian. "Our team has done very well this season," said Coach Perez. "We went through the district undefeated and we'll have the home field advantage against Hollywood Christian."

Friday night football frenzy!

Glades Central dominates Suncoast 34-9, wins District 14-4A championship

Raiders remain undefeated with 9-0 record!

The Raiders proved they are for real Friday night, Nov. 3, in the Glades Central vs. Suncoast district game. The final score of 34-9 means the Raiders will host its first-round game of the Class 4A

state playoffs on Nov. 17.

The Raiders won with big plays on defense, allowing only two touchdowns in their last five games, including three shutouts.

Junior Dan Brown intercepted a Suncoast ball for a 43

yard return, fumbling at the end zone and senior linebacker Antron McCants recovered the ball in the end zone and kicker Gerald Louis kicked the extra point.

Junior cornerback Ontavious Pittman intercepted a three

yard Suncoast pass in the end zone and returned it untouched 103 yards for a touchdown.

Next week the Raiders will host the Pahokee Blue Devils, Saturday, Nov. 11, in the annual Muck Bowl game.

Cardinal Newman eases by Pahokee in overtime, 25-22

By Robbie Everett
Pahokee will enter the playoffs in two weeks but lost home field advantage in an upset Friday night by the Cardinal Newman Crusaders.

Pahokee scored late in the first half when quarterback Anquan Boldin connected with wide receiver James Burroughs on a 32 yard pass. A bad snap caused a blocked field goal attempt. Lefann Williams scored twice in the third quarter with Burroughs and Banks adding two point conversions. Newman tied the game late in the 4th quarter with Burroughs and Banks adding two point conversions.

Newman tied the game late in the 4th quarter and was able to force a Kansas tie breaker when the referees called an intentional grounding fumble. Pahokee was not able to score on the possession and Newman kicked a field goal to seal the district championship, giving them home field advantage during the play offs.

Boldin finished the game with 87 yard passing. Lefann Williams accounted for more than half of the 215 rushing yards for Pahokee. Williams also had a 65 yard touchdown run nullified due to a holding penalty.

At halftime, Victor Rodriguez was honored as hometown hero. Victor was

An upsetting week!

There were a lot of upsets this week which through our players off. Florida State University was a favorite and they lost! Pahokee High was favored to win, and they lost to Cardinal Newman. A lot of our players picked the 49ers over Caroline and Carolina came back and slew the 49ers!

Only Hattie Bennett with Barnett Bank picked Cardinal Newman over Pahokee this week and Hattie and Jimmy Audet with Jimmy's Sales and Service were the only two who picked Pittsburgh over Chicago.

Earl Wingate with Bernie Little and Mike Burkett with Lake Hardware and Farm Supply are still tied for first place with 80 correct picks each.

It looks like we might have all three of our home teams in the playoffs. Keep your fingers crossed!!

Pioneers snap four-game losing skid at Bethel

Quarterback Graham Chancey paced the way for Pioneers

The Tusculum College Pioneers snapped a four-game losing streak with a 28-14 victory against the struggling Bethel College Wildcats on Saturday in McKeen, Tenn. The win improves the Pioneers record to 3-5 overall and 3-4 in the Mid-South Conference while Bethel remains winless at 0-8 overall and 0-6 in the MSC.

The Pioneers scored on their first offensive series, driving the ball 80-yards on 11 plays, capped off with a one-yard touchdown run by sophomore quarterback Graham Chancey (Belle Glade/Glades Day). Senior Jay Marsden (Malone, NY/Franklin Academy) added the extra point to give TC a 7-0 lead.

With 12:37 to go in the second quarter, the Wildcats tied the contest at 7-7 on a 9-play, 55-yard drive that was highlighted by an 18-yard touchdown pass.

The Pioneers capitalized on the next drive to put Tusculum ahead for good. At the 9:11 mark in the second quarter, Chancey scampered into the endzone from 11-yards out to finish off a 9-play, 52-yard drive. Marsden converted the PAT for a 14-7 Pioneer lead.

Tusculum's defense, which ranked in the bottom portion of the MSC in team scoring defense, concluded the first half domination by scoring a touchdown of their own. Sophomore Jermaine Mack (Toccoa, GA/Stephens County) blocked a punt that was recovered in the endzone by junior Chris Hughes (Lake City, SC/Lake City) for a 34-yard touchdown. The PAT followed, giving the Pioneers a 21-7 halftime lead.

After a scoreless third quarter, Bethel cut Tusculum's lead to 21-14 to begin the fourth period with a two-play, 76-yard scoring drive that was highlighted by a 71-yard touchdown

run.

But the Pioneers prevailed in the fourth stanza with an eight-play, 33-yard drive that featured a 12-yard run by Senior Robert Hankerson (Stark, FL/Bradford). The PAT was added to complete a 28-14 victory.

The Pioneers rushed the ball 66 times for 315 yards and finished with 370 total yards offensively. Senior Eric Claridy (Jasper, FL/Hamilton County), hampered by injuries which were reaggravated during the game, was the team's leading rusher with 93 yards on 22 carries. Junior Stacey Allen (Santee, GA/White County) added 68 yards on the ground on 10 carries with Hankerson contributing for 61 yards on 9 attempts.

Chancey completed 4 of 11 passes for 55 yards while rushing for 33 yards and two touchdowns on 13 carries.

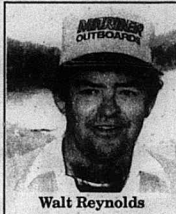

Senior Chad Wallace (Chuckey, TN/Chuckey-Doak) caught two passes for 24 yards, but left the game in the fourth quarter with a severe ankle injury.

Junior Horace Mack (Columbia, SC/Dreher) had two catches for 31 yards and rushed for 24 yards on two attempts as well.

On the defensive side of the ball, senior Cash Higgins (Soddy-Daisy, TN/Soddy-Daisy) recorded nine tackles that included two tackles for a loss and broke up one pass. Freshman Chuck Young (Chatsworth, GA/Murray County) stepped up with eight hits and a tackle for a loss, while freshman Michael Haire (Sunrise, FL/Western) notched an interception, his second in two games.

Tusculum will host MSC foe Cumberland (TN) University this Saturday at Pioneer Field to wrap up the 1995 regular season.

Kickoff is set for 1:30 p.m.

These cold fronts, while creating wonderful weather for the outdoors, is making fishing a bit slow. But there is a silver lining, in that, as the water cools towards the 70's, we will see the bigger fish start to feed up and move towards the spawning areas.

Last weekend the Ft. Lauderdale and Plantation Police hosted a benefit bass tournament for two of their officers who had been injured while on duty. The event was well attended and the team of Reed and Walker won 1st place with a catch of 20 pound 7 ounces, caught on Spinner baits. The win netted them \$2500 for their efforts.

I spent last week on Lake Eufaula, Al., preparing for the tournament on Nov. 11 - 12. The fishing there is really slow, so I don't expect to see any heavy stringers weighted in. From there we will go to Lake Lanier in Atlanta, Ga., to prefish for the BassMasters Invitational.

Now would be a good time to service your boat and clean up

your tackle, replace old line and sharpen hooks. With the Holiday season fast approaching, you will start getting a lot of calls from your friends up

north wanting to go fishing. It happens every winter, so you might as well be prepared.

Have a great week and enjoy our wonderful fall weather.

Weather affects outboard motors

We are in Atlanta, Ga., this week on Lake Lanier. This lake is a very deep, clean reservoir. It has a large population of Kentucky Bass which are a lot of fun to catch.

Our boats sure run well up here where it is very cool and dry.

Boaters sensitive to their rigs performance sometimes worry that a boat which performs in a sprightly fashion during a cool day in the spring seems to lose its "zip" during the hot, sultry days of August.

There may be nothing wrong with either the boat or the outboard motor, say the Mariner Outboard boating authorities. Weather may be the culprit because it can have a surprising effect on internal combustion engines.

Summer conditions of high temperature, low barometric pressure and high humidity all combine to reduce engine power. This translates into loss of boat speed - often as much as two or three miles per hour. Nothing will regain this speed except the coming of cool, dry atmospheric conditions.

The horsepower that any internal combustion engine produces depends upon the density of the air which it consumes and, in turn, this density is dependent upon the temperature of the air, its barometric pressure and water vapor (or humidity) content.

A secondary loss of power can result from the warm, humid weather conditions. The outboard's propeller, which was chosen in early spring to allow the engine to turn within its recommended RPM range at full throttle, may be the wrong prop in the summertime. As the engine loses horsepower because of the weather the prop, in effect, becomes too large. So the engine operates at less than its recommended RPM. Switching to a lower pitch prop will regain some of the lost power and permit the outboard to again run at the recommended RPM.

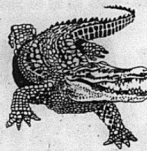

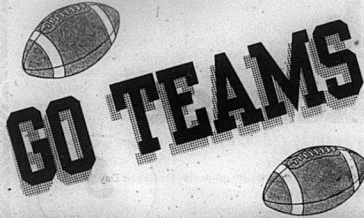

We will be glad to get back home where it is warm.

To all a good bite,
Walt Reynolds
